TO MAKE WAGE CUTS**

Reductions Will Average 10 Per Cent., It Is Announced.

CHICAGO, Nov. 21.—Morris & Co., Chicago packers, will announce a wage cut of approximately 10 per cent. today, affecting all workers in their plants.

The move follows a recent agreement of other packing companies with their workers through the employees' representation plan—in which the Morris company has not collaborated. Workers receiving less than 50 cents

an hour are cut 3 cents; those receiving from 45 to 50 cents an hour are cut 5 cents; those receiving less than 45 cents are cut 7 1/2 cents and piecework employees get an 8 per cent. cut. Working and time conditions remain the same. The cut is effective Nov. 23.

**HAS LAWYER ARRESTED;
SAYS HE KICKED HER**

Frooks Has Offices in Same Building With Woman Who Accuses Him.

E. Leighton Frooks, thirty-five, a lawyer with offices in the Lincoln Square Arcade Building, No. 1947 Broadway,

was arrested early this morning on a charge of felonious assault, on complaint of Miss Kathryn Roth, thirty-three, who has a studio in the same building. According to the police, Miss Roth alleges Frooks kicked her during an altercation in a corridor in the building.

Detective Maloney of the West 58th Street Station, who heard the woman's screams, called an ambulance and Dr. Strasberg of Flower Hospital attended Miss Roth who then went to the West 58th Street Station and made a complaint. Frooks denies the charge.

Demand Minimum of \$40 a Week and Renewal of Union Contract.

Isidore Korn, business agent of the Kosher Butcher Union, says 2,500 men have quit work in 1,500 shops to-day in response to a strike ordered yesterday in kosher butcher shops throughout the city.

He said 150 employers had indicated a willingness to settle after the strike was called, and he expected the strike to end in a few days. The strikers demand a minimum wage of \$40 a week and a renewal of the union contract.

**Wherein We Advocate
A Savory Thanksgiving**

If you would have your Thanksgiving dinner a conspicuous success, visualize its savoriness. Let your guests actually see the turkey itself sizzling and sputtering on the platter, hear the gurgle of the gravy and watch with increasingly impatient appetites the dressing as it angrily spurts and pops. This is possible if you serve the turkey on one of those useful inventions—

The Hot Water Platter

These platters in all sizes and styles will be found on our sixth floor. The platters themselves are of beautifully decorated china; the under-platters which contain the water are of heavy copper, nickel plated. Turkey thus served remains piping hot, and though laughter and repartee prolong the meal, you need not worry about the gravy and dressing getting cold.

Pies and Plum Pudding

are never so tempting as when served in the form in which they are taken out of the oven. Have them baked in pyrex pans and then slipped into decorative metal holders for serving. To let your guests see the round, browned pies before they are cut and the pudding fairly bursting its sides is to render these delicacies doubly inviting. All sizes and sorts of pyrex pans and holders await your selection on the sixth floor.

Additional Asbestos Pads

And while you're there, we suggest you procure some additional asbestos pads, for you will have more hot dishes on the table than usual—and above all, if you love exquisite Linens, don't fail to stop off at the second floor and inspect the wondrously beautiful new Thanksgiving Linens of the famed "McCreery Quality" that are specially priced.

By the Way, Silver

bears lowered prices as a special Thanksgiving offering—particularly the popular Andover Pattern in Community Reliance Plate, which is guaranteed for 25 years; also some especially attractive pieces of hollow ware.
